

INDOOR CYCLING H920 Duke

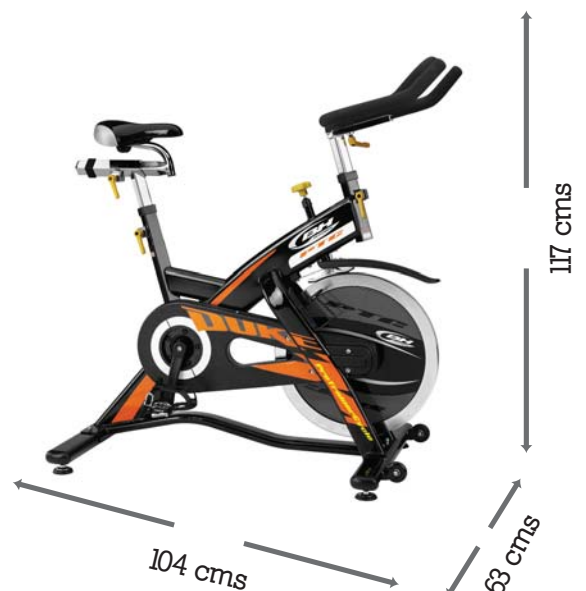

GROUP CLASSES

- Resistance: Leather friction pad has almost infinite adjustability for fine tuned resistance. This system also acts as an emergency brake.
- Oversized steel frame.
- Comfortable ergonomically designed gel saddle.
- Micro-adjustable seat: up to 17 levels vertically and 19 levels horizontally.
- Crank set: Steel cased three piece crank set designed for extra durability.
- Protection: **special treatment for corrosion resistance** and powder coated for extra protection on every mobile part.
- Painting: double layer covering powder painting.
- **Strong Poli-V belt drive system:** assures a smooth, quiet and low maintenance performance. No chains means you and the bike stay cleaner, with no oiling.
- Front mounted wheels, which allow easy transportation.
- **Bottle holder**, for a constant hydration during the exercise.
